Dear Comrades,

All Workers Militant Front, the militant trade unions, which are rallied to PAME, would like to transfer you the great response received by the Greek working class, the initiatives you took, as class-oriented trade union organizations from all over the world, which are affiliated to WFTU, in order for you to express your solidarity with the struggles of the Greek workers. **This initiative taken by the Colombian team of WFTU, met great success because it showed that the enemy of workers around the world is one, the Capital with its barbaric system, the Capitalism.**

We would like to thank you. Your action has been and will be an important weapon of proletarian solidarity with the struggles of the class-oriented trade union movement of Greece, against Capital, for the abolition of exploitation of man by man.
