New serious attack against usb struggles

, 04/07/2016

Our companion Guido Lutrario, member on national executive and USB responsible Lazio region, received an "oral warning" by the police headquarters in Rome.

A very serious measure under anti-Mafia code and used in this case to intimidate.

Guido is on the front row in all struggle and protest actions organized by USB on Roman territory.

The crimes he is accused are manifestations, blocks, strikes, symbolic occupations, sit-ins, etc.,

the work done in class and trade union conflict.

So to be impeached is not Guido Lutrario but a way of making union.

This act is very serious and it is shocking the legislative device used (Article 3 of Legislative Decree. 09/06/2011 n ° 159

- Anti-Mafia Decree) which aims to bring the restrictive requirements of the freedom for any future act.

USB rejects this very serious provocation and reiterates its determination to continue the strong defense of workers' rights and working with the methods and tools needed, calls for the immediate withdrawal of this heinous intimidating measures and calls on all trade unions, political and social to express solidarity and to mobilize in defense of the possibility of organizing and practicing the trade union conflict.

PASYEK PEO condemns the attacks against USB of Italy

PASYEK PEO condemns the new intimidation attacks against USB Union (WFTU Affiliate) of Italy.

The unionist Guido Lutrario, Member of the national executive and USB responsible of the Lazio region, received an “oral warning” by the Rome Police Headquarters, accused for "crime or offense endangered the security of the country”, because of the mobilizations, strikes, sit-ins, demonstrations he organized in the area of Rome.

European Union, Governments, police forces and the justice department, at the service of the multinationals attack against the trade union rights and freedoms. It is clear that through the prohibition of working peoples mobilization and struggles and the criminalization of trade union activities, they are aiming to smash the workers movement.

PASYEK PEO expresses its class solidarity to comrade Lutrario and USB, Italy.

LAB expresses solidarity and support with USB Union from Italy and Guido Lutrario, member of their National Executive.

LAB wants to show solidarity with the USB Union of Italy and member of its leadership, Guido Lutrario. Our cadre Guido is responsible for the region of Lazio, where Rome is located. The USB union has developed important mobilizations such as demonstrations, blockades, strikes, symbolic occupations, sit-ins, etc in which the role played by the partner Guido was decisive.

Law enforcement authorities have responded to union action applying emergency laws. Specifically, the police authorities have applied Article 3th of the Legislative Decree 09/06/2011, called Anti Mafia Law, against cadre Guido and by extension the USB union in order to limit their rights and freedoms for trade union action on future occasions.

This is not the first attack the USB union receives. Italian authorities are acting to protect the big unions – in clear decline- that support the system in Italy and attacks combative, changing the regulatory framework denying them basic rights for trade union action.

In the Basque Country we know well the application of exceptions laws and how the authorities act favoring a model of unionism based on complicity with the system. Suffice it to recall the attempt made by the employer to outlaw Basque LAB and the Basque majority trade union movement.

This situation is not isolated, we should read in the context of, what they called, a crisis that is already extending many years and is taking advantage to modify labor relations throughout Europe, extending work conditions precariousness and poverty without limits. A union model based in social partnership and system collaboration is rewarded, and combative unionism, based in confrontation and class perspective is punished systematically.

LAB quiere mostrar su solidaridad con el Sindicato USB de Italia y el miembro de su dirección, Guido Lutrario.

LAB quiere mostrar su solidaridad con el Sindicato USB de Italia y el miembro de su dirección, Guido Lutrario. El compañero Guido es responsable de la región de Lazio, en la que se sitúa la ciudad de Roma. El sindicato USB ha desarrollado movilizaciones importantes tales como manifestaciones, bloqueos, huelgas, ocupaciones simbólicas, sentadas, etc.... en cuales el rol desempeñado por el compañero Guido ha sido determinante.

Las autoridades policiales han respondido a la acción sindical aplicando leyes de excepción. Concretamente las autoridades policiales han aplicado el artículo 3 del Decreto legislativo 09/06/2011 denominada Ley Anti mafia contra el Compañero Guido y por extensión al sindicato USB con el objeto de limitar sus derechos y libertades para la acción sindical en ocasiones futuras.

No es el primer ataque que recibe el sindicato USB. En la medida que las autoridades Italianas actuando para proteger a los grandes sindicatos, en clara decadencia, del sistema en Italia y ataca a los sindicatos de confrontación, modificando el marco normativo negándoles derechos básicos para la acción sindical.

En EH conocemos bien la aplicación de legislaciones de excepción y el favorecimiento por parte de las autoridades de un modelo de sindicalismo basado en la complicidad con el sistema. Basta recordar el intento por parte de la patronal Vasca de ilegalizar a LAB y el movimiento sindical mayoritario vasco..

Esta situación no es aislada, debemos leerlo en el marco de una, lo que llamaron, crisis que se está prolongando ya muchos años y se está aprovechando para modificar las relaciones laborales en toda Europa, extendiendo la precarización y la pobreza sin límites. Se premia un modelo sindical de gestión y colaborador, y se castiga el sindicalismo de confrontación, combativo y con perspectiva de clase.

LABek USB sindikatuarekin eta beraien zuzendaritzako Guido Lutrariorekin elkartasuna eta sostengua adierazi nahi du.

LABek USB sindikatu Italiarrarekin eta beraien zuzendaritzako kide den Guido Lutrariorekin elkartasun eta sostengua adierazi nahi du. Guido Lutrario USB sindikatuko nazio zuzendaritzaren kide izateaz gain, Erroma hiria kokatzen den Lazio eremuko arduraduna da. USB sindikatuak Guido Lutrario buru zuelarik azken urteetan mobilizazio garrantzitsuak egin ditu Erromako hirian, hala nola, grebak, manifestazioak, blokeoak, okupazio sinbolikoak, e.a. Polizi botereak Mafiaren aurka sortutako salbuespen 2011/06/09 lege dekretuaren 3. artikulua Guido Lutrarioren eta USBren aurka erabiliz erantzun die mobilizazio hauei.

Beldurtze taktika honen xedea askatasuna eta eskubideak murriztea da etorkizunean bultzatu ditzaketen sindikatu ekintza eragozteko.

Ez da USB sindikatuak pairatzen duen lehen eraso. Italiar agintariek gainbera dauden sistemaren aldeko sindikatu handiak babesteko neurriak hartu dituzte, sistema zalantzan ipini eta baldintzatzen duten sindikatu borrokalariak zigortzeko araudia aldatzen duten bitartean. Araudi aldaketa honen xedea ekintza sindikala gauzatzeko beharrezkoak diren eskubideak murriztea da.

Euskal Herrian salbuespen legeen aplikazioa eta botere ekonomikoek sistemaren sostengu diren sindikalgintza ereduaren alde eginikoak ezagutzen ditugu. LAB legezkanpo uzteko Confebask ek eginiko saiakera azken honen adierazgarria da.

Egoera hau ez da isolatua. Urteetan luzatzen ari den sasi krisiaren markoan aztertu beharra dago. Europan zehar lan harremanak aldatzeko erabiltzen ari dira honetaz, lan baldintzen prekarizazioa eta pobrezia mugarik gabe zabalduz. Kolaborazioan eta sistema laguntzen duten eredu sindikala saritzen dute, borroka, konfrontazio eta klase ikuspegia duen sindikalgintza eredu zigortzen den bitartean.
